

The University of Antwerp Management School

# Master of Global Management

European Business  
Asian Business

Application for admission

## ADMISSION AND SELECTION

---

### Admission requirements

Candidates for the master of global management must have:

#### - A university degree

This degree can be in any specialization, but has to be delivered by an officially recognized institution. It should encompass four years of full-time study. A Belgian 2e cyclus Hogeschool degree is sufficient, a Dutch HBO degree is not. Bachelor's degrees from the UK and countries with a similar educational system also qualify.

It is possible to apply before you have completed your studies. In this case the selection procedure will take place under the assumption that you graduate from your present studies before starting the programme.

#### - Proficiency in English

The entire programme is taught in English and students are expected to participate actively in class discussions. Therefore a good and active knowledge of the English language is crucial for successful participation. All candidates whose application file is accepted will be interviewed by a UAMS-representative. Scores on tests like GMAT, TOEFL, IELTS, etc are useful and will increase the quality of your application, but are not strictly required.

### SELECTION PROCEDURE

Candidates for the Master of Global Management start their application by submitting an application file.

You can submit it by completing this application form on a computer, print it, sign it, and send it to the following address, accompanied by all the requested documents :

**UAMS - Master of Global Management**  
att. Wim Van Driessen  
St-Jacobsmarkt 9-13  
2000 Antwerpen  
BELGIUM

There is no application fee.

Once your application file has been accepted, you will be invited to participate in an International Admission Test. This test is done online through a website and tests your numerical and verbal skills. It is not necessary to study for this test. Additionally, interviews will be organized with all applicants. The interview will deal with your motivation, perseverance, personality, leadership skills and your functioning in a group, as well as your knowledge of English. Candidates living in Belgium (or who can travel to Belgium) will be invited to the UAMS for the test and the interview on special selection days which take place in April, July and August. The Admissions Committee will take a decision on the basis of your application file, your test results and the interview. Candidates will receive written notification of the Admissions Committee's decision within one month of completing the application procedure.

### APPLICATION DEADLINES

For EU citizens the application deadline is 1 August, for non-EU citizens it is 1 May.

You can apply at any time, but we strongly encourage early application, as we cannot guarantee availability of places in the later stages of the admission period.

In addition this will allow non-EU students sufficient time to arrange for visas.
